# the NANDI BEAR TENANTS

BLAISE KOLODYCHUK PRESENTS:

# NANDI BEAR TENANTS - MEGA MADNESS!

Far out in the reaches of the galaxy four of the most powerful members of the Nandi Bear Tenants are hard at work helping a group of Boobalees from the planet Boobalee to stay safe from a vicious monster that seems bent on capturing and destroying them!

## PART 1 - ATTACK ON PLANET BOOBALEE

Pattee, the galaxy's most powerful psychic cat!

Stensor, with his electronic eye, his super strength and ability to fly!

Forclune, the armed talking snake from another dimension!

Galaxy Peanut Butter Bear, brother to Naiad and guardian of the Peanut Butter Dimension!

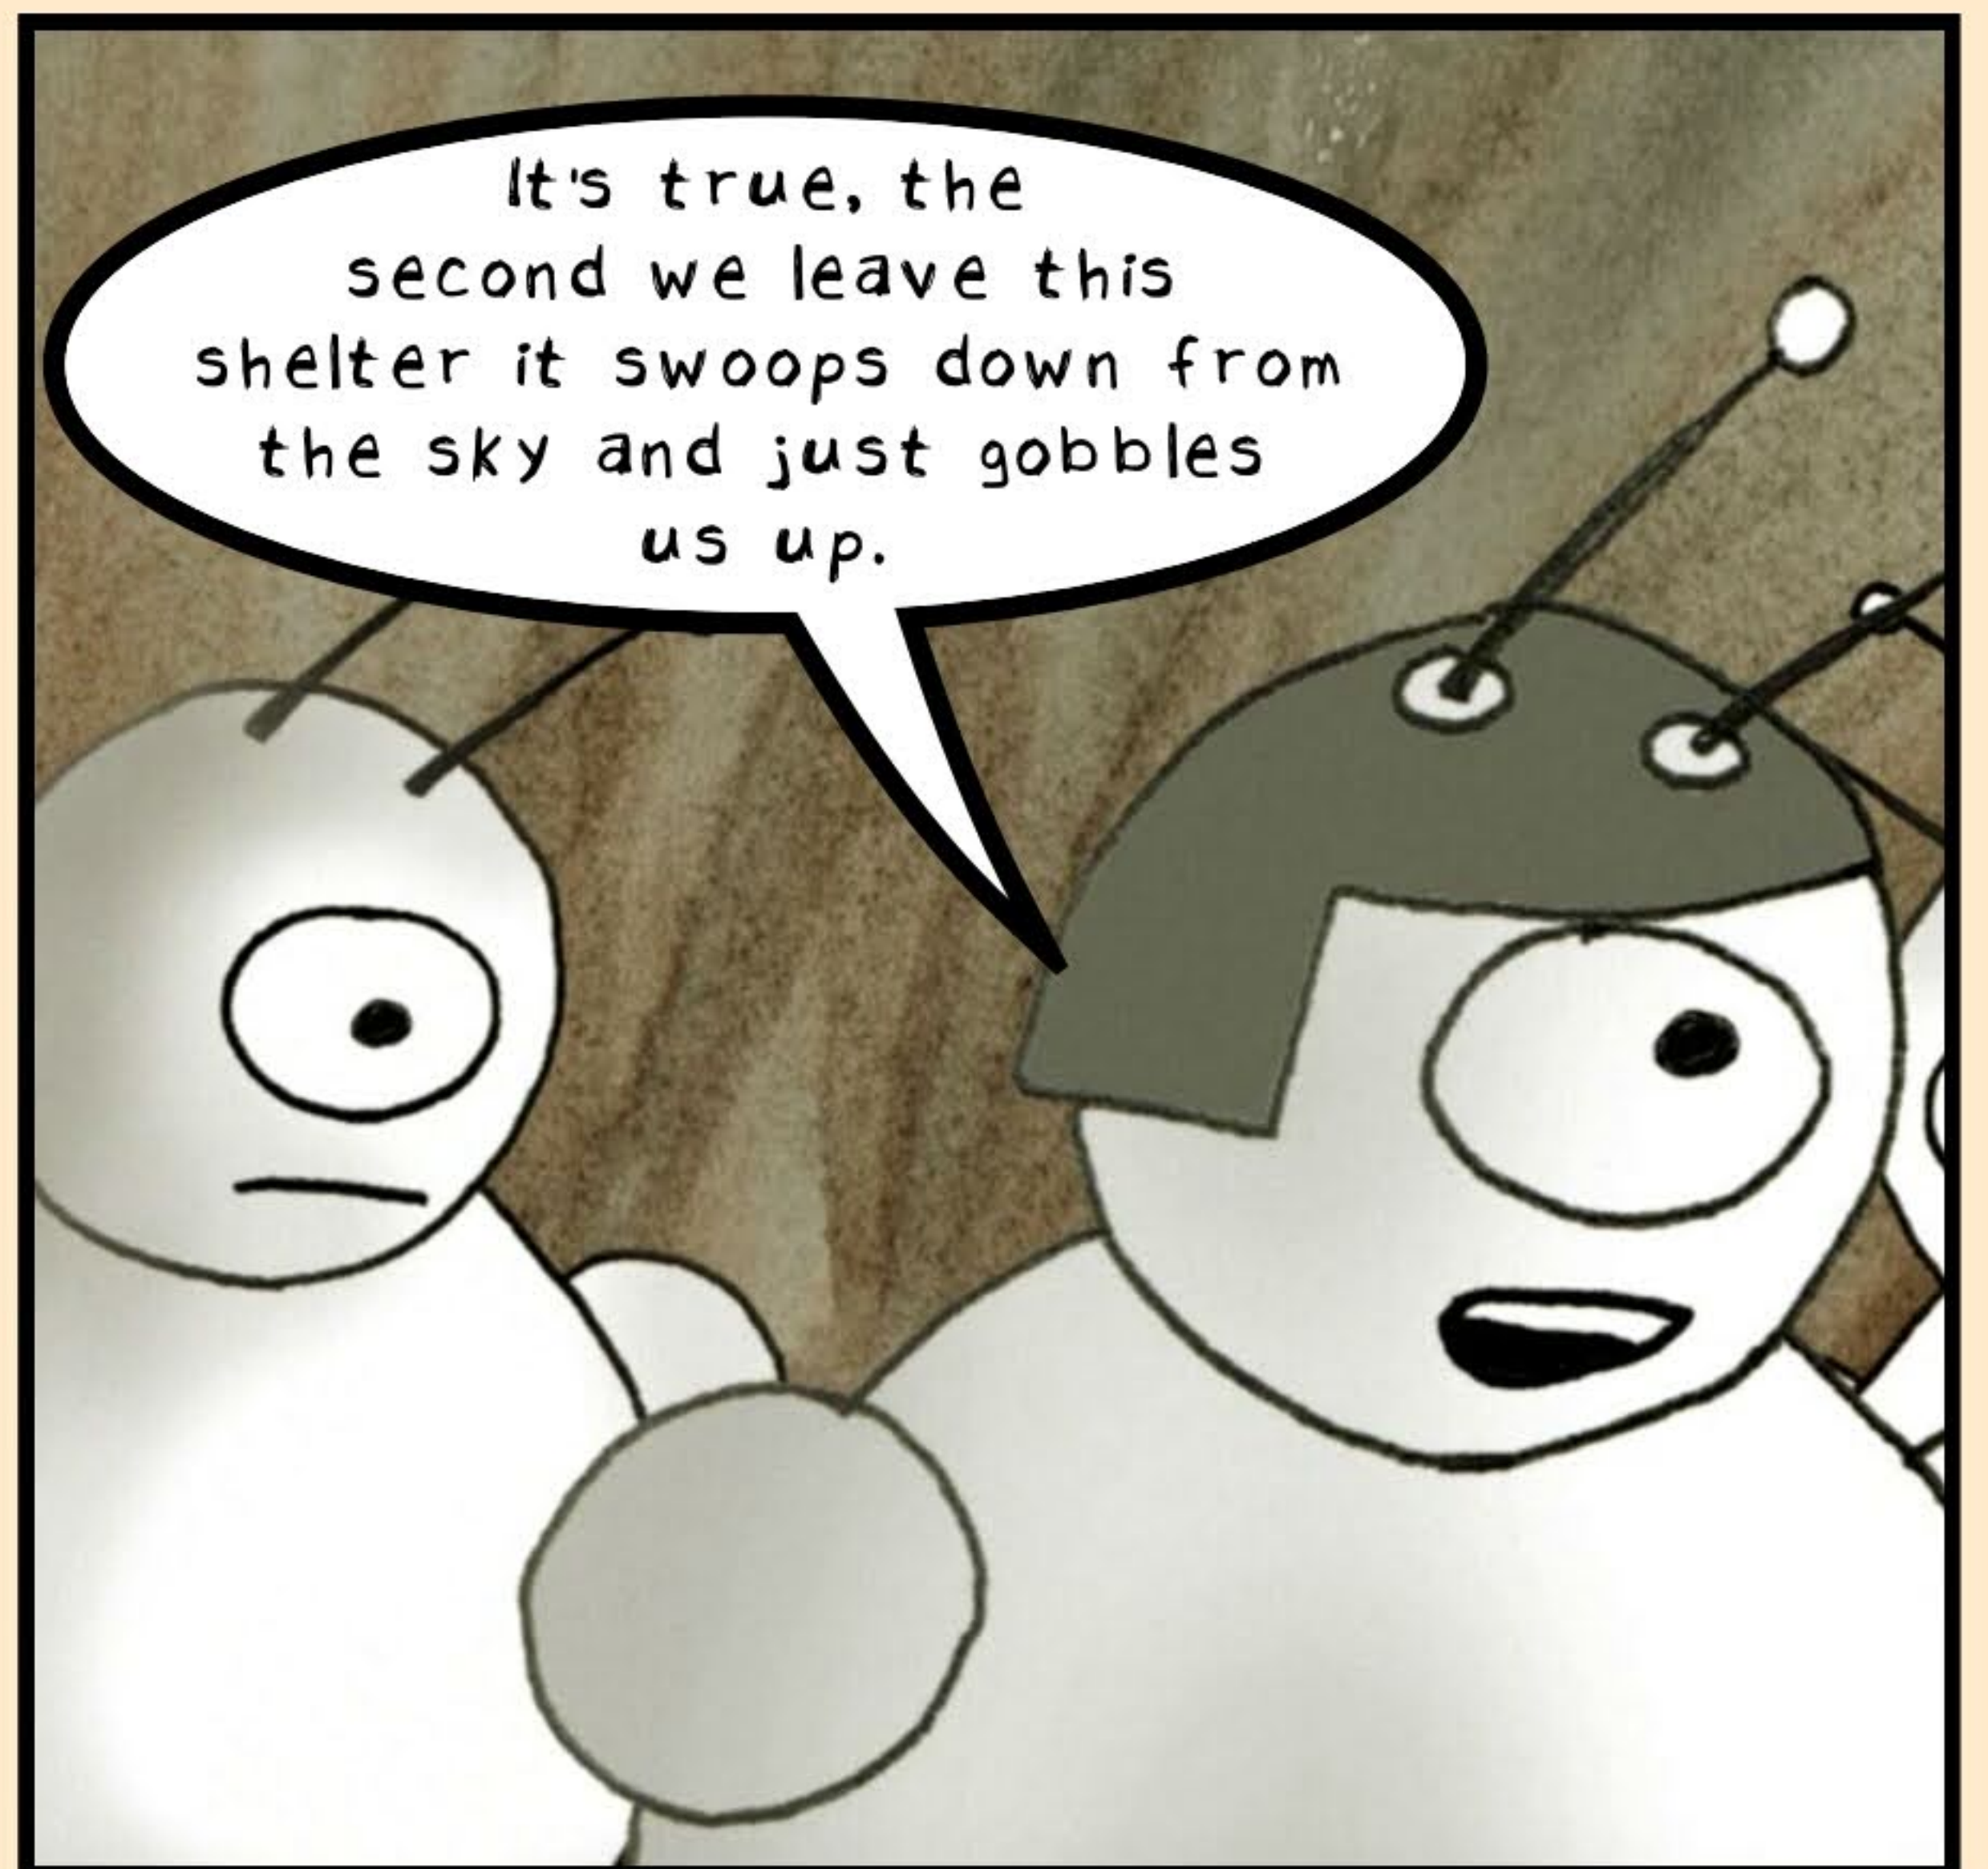

I can't thank you guys enough for helping us deal with this creature. I just don't understand its motives.

I agree, it makes no sense to attack you. The Boobalee people have lived peacefully for centuries.

Either way the fact remains that that monster is out there keeping you all in hiding.

It's true, the second we leave this shelter it swoops down from the sky and just gobbles us up.

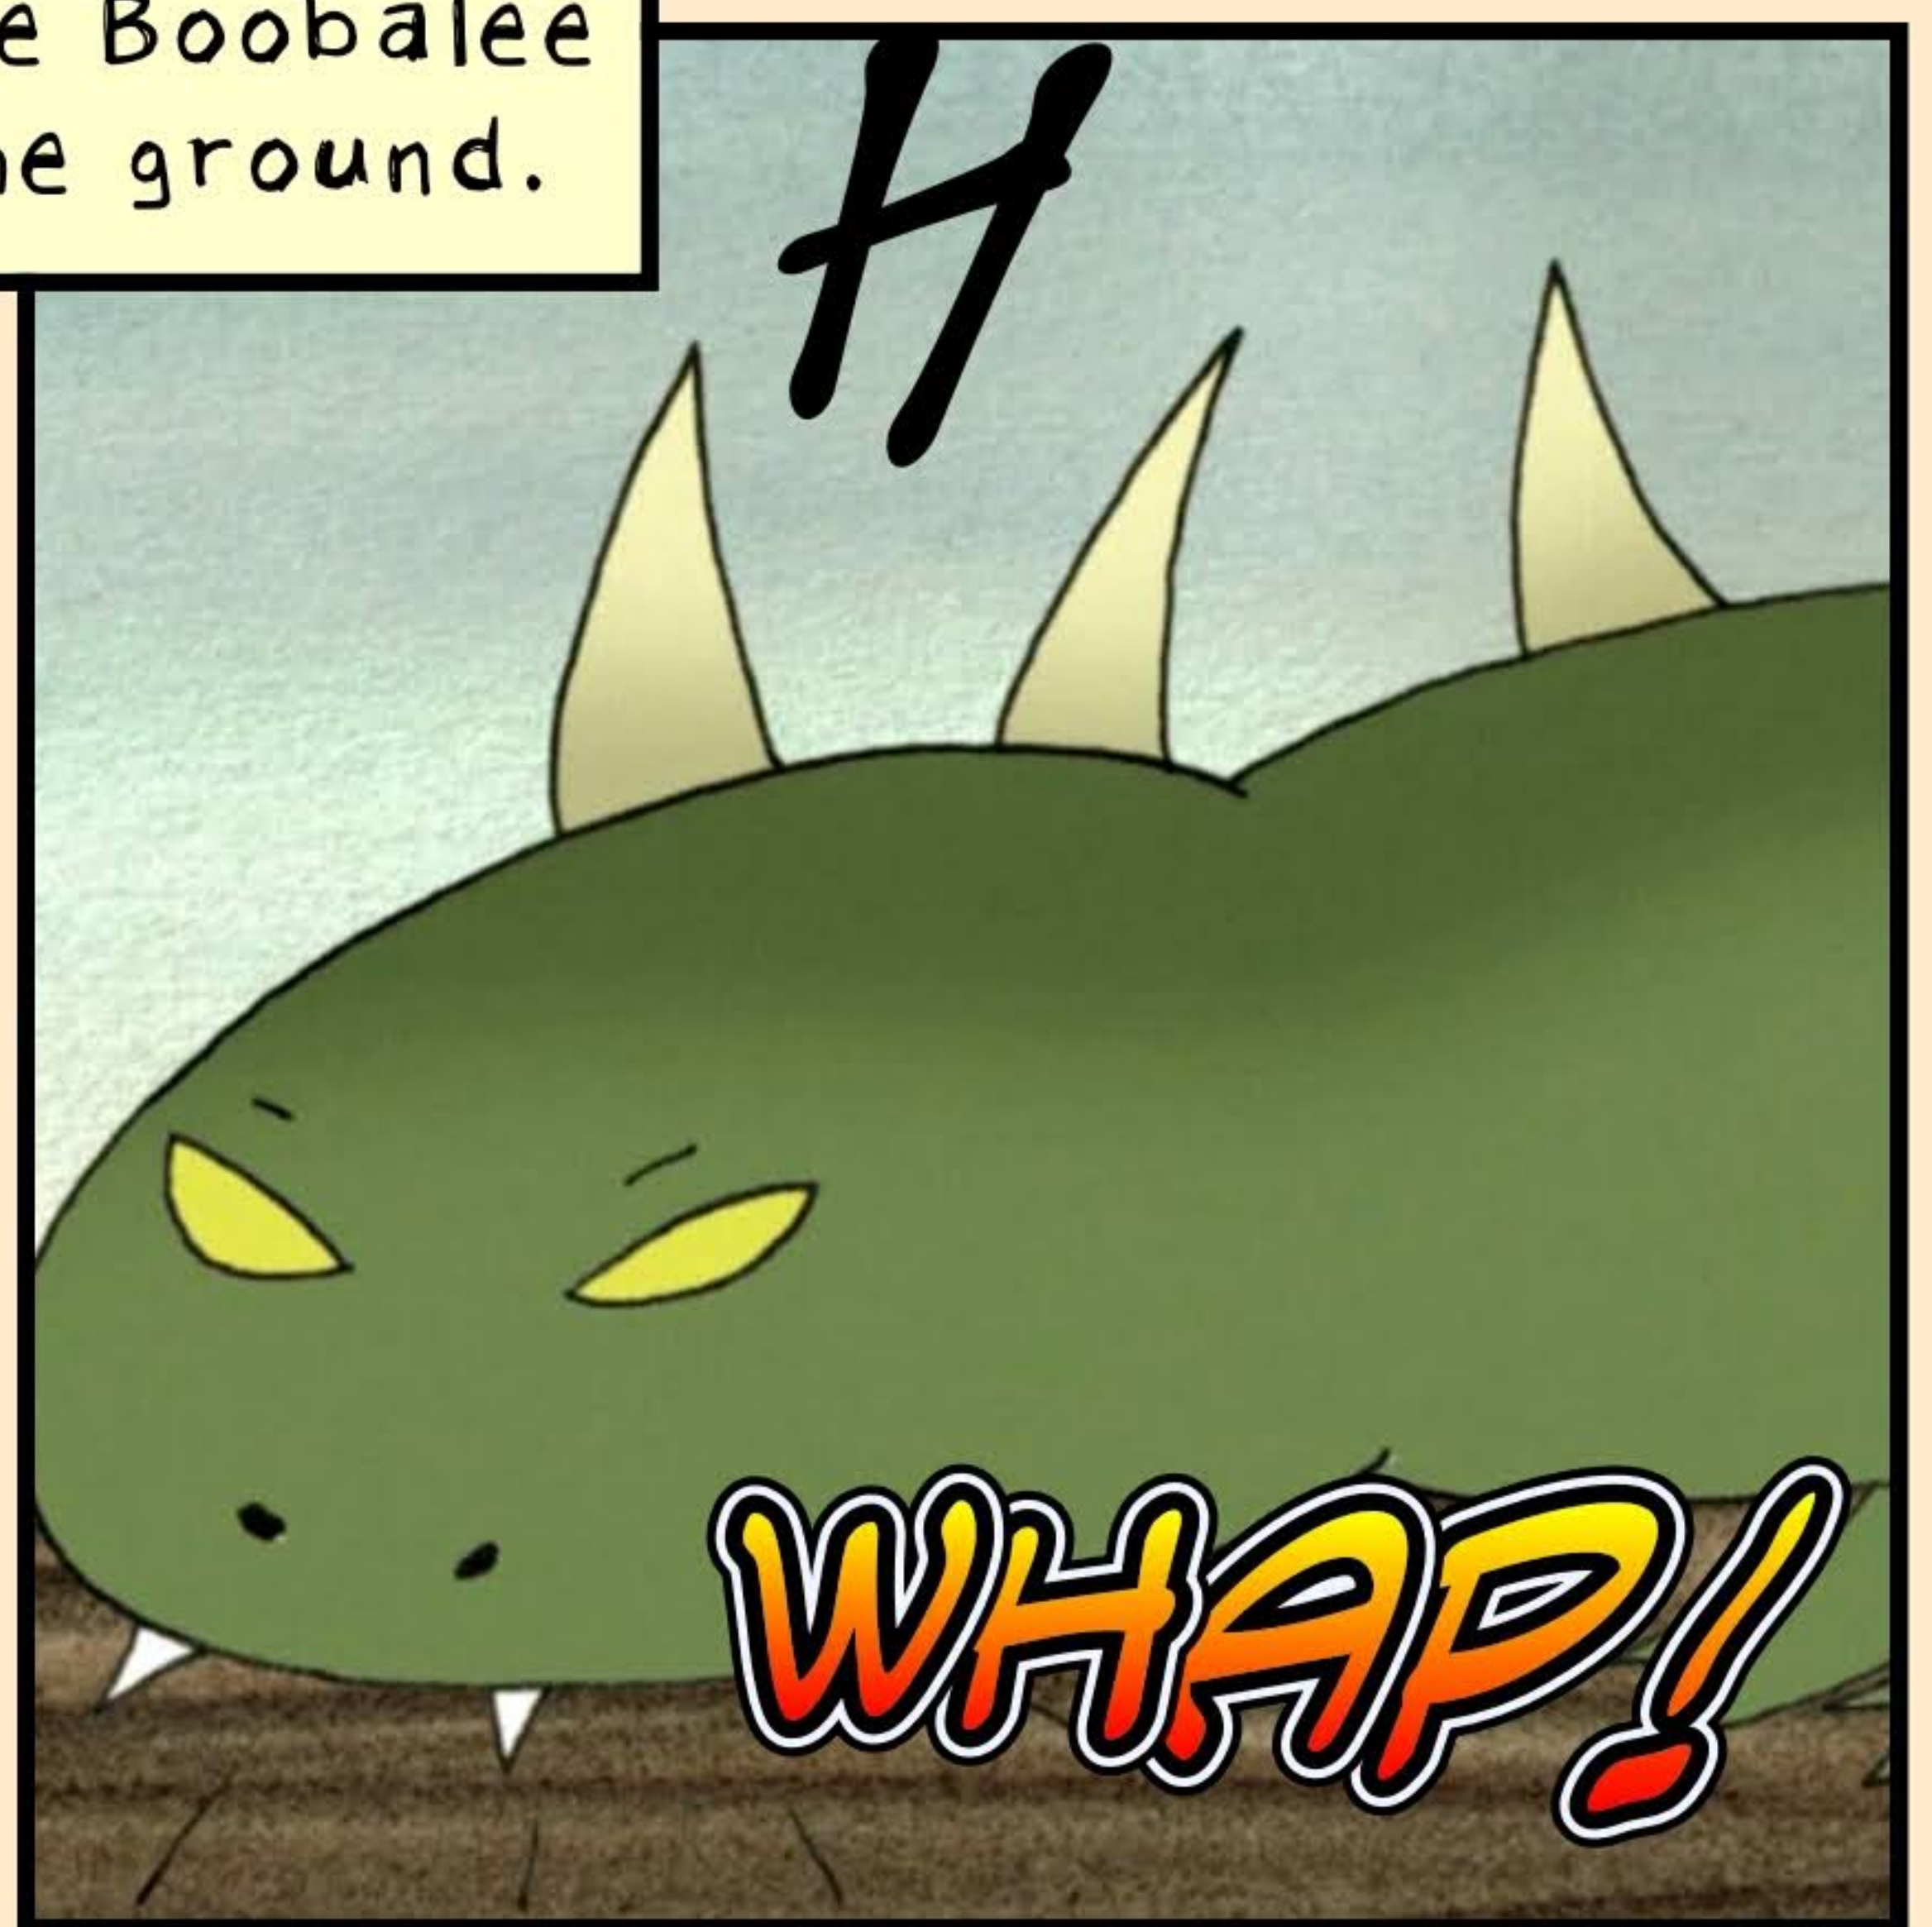

Before you got here I saw it eat up at least 20 Boobalees. It's an absolute tragedy.

I will try to immobilize the creature using my powers.

Pattee concentrates and the vicious beast who has been circling the Boobalee hideouts stops and falls to the ground.

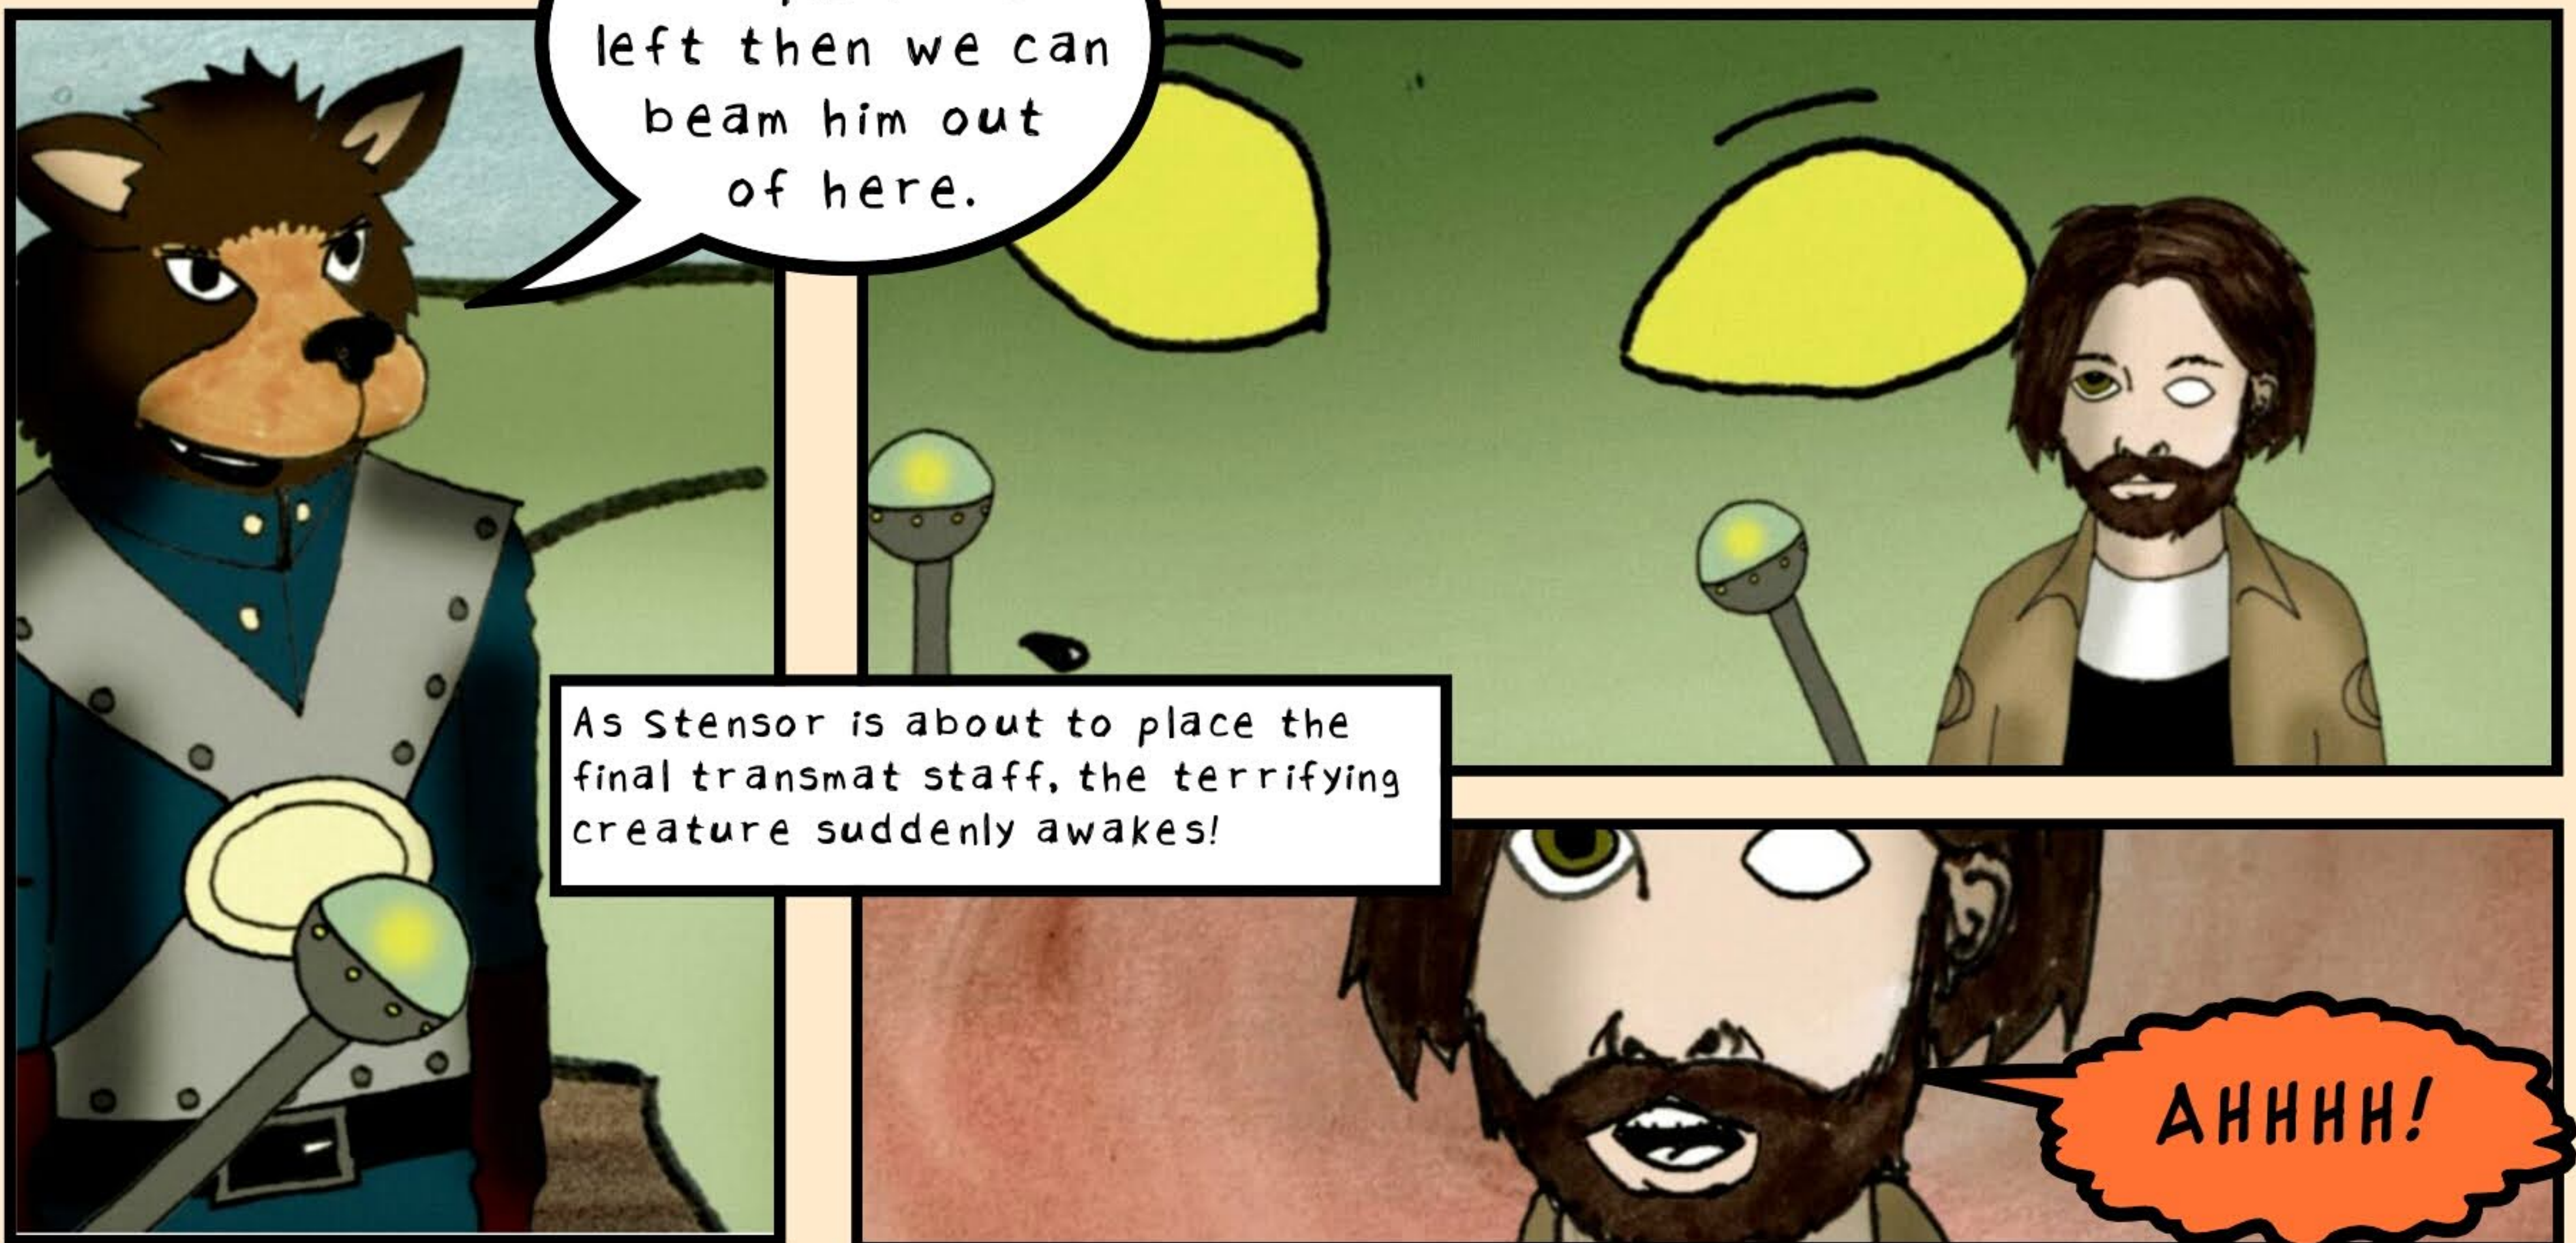

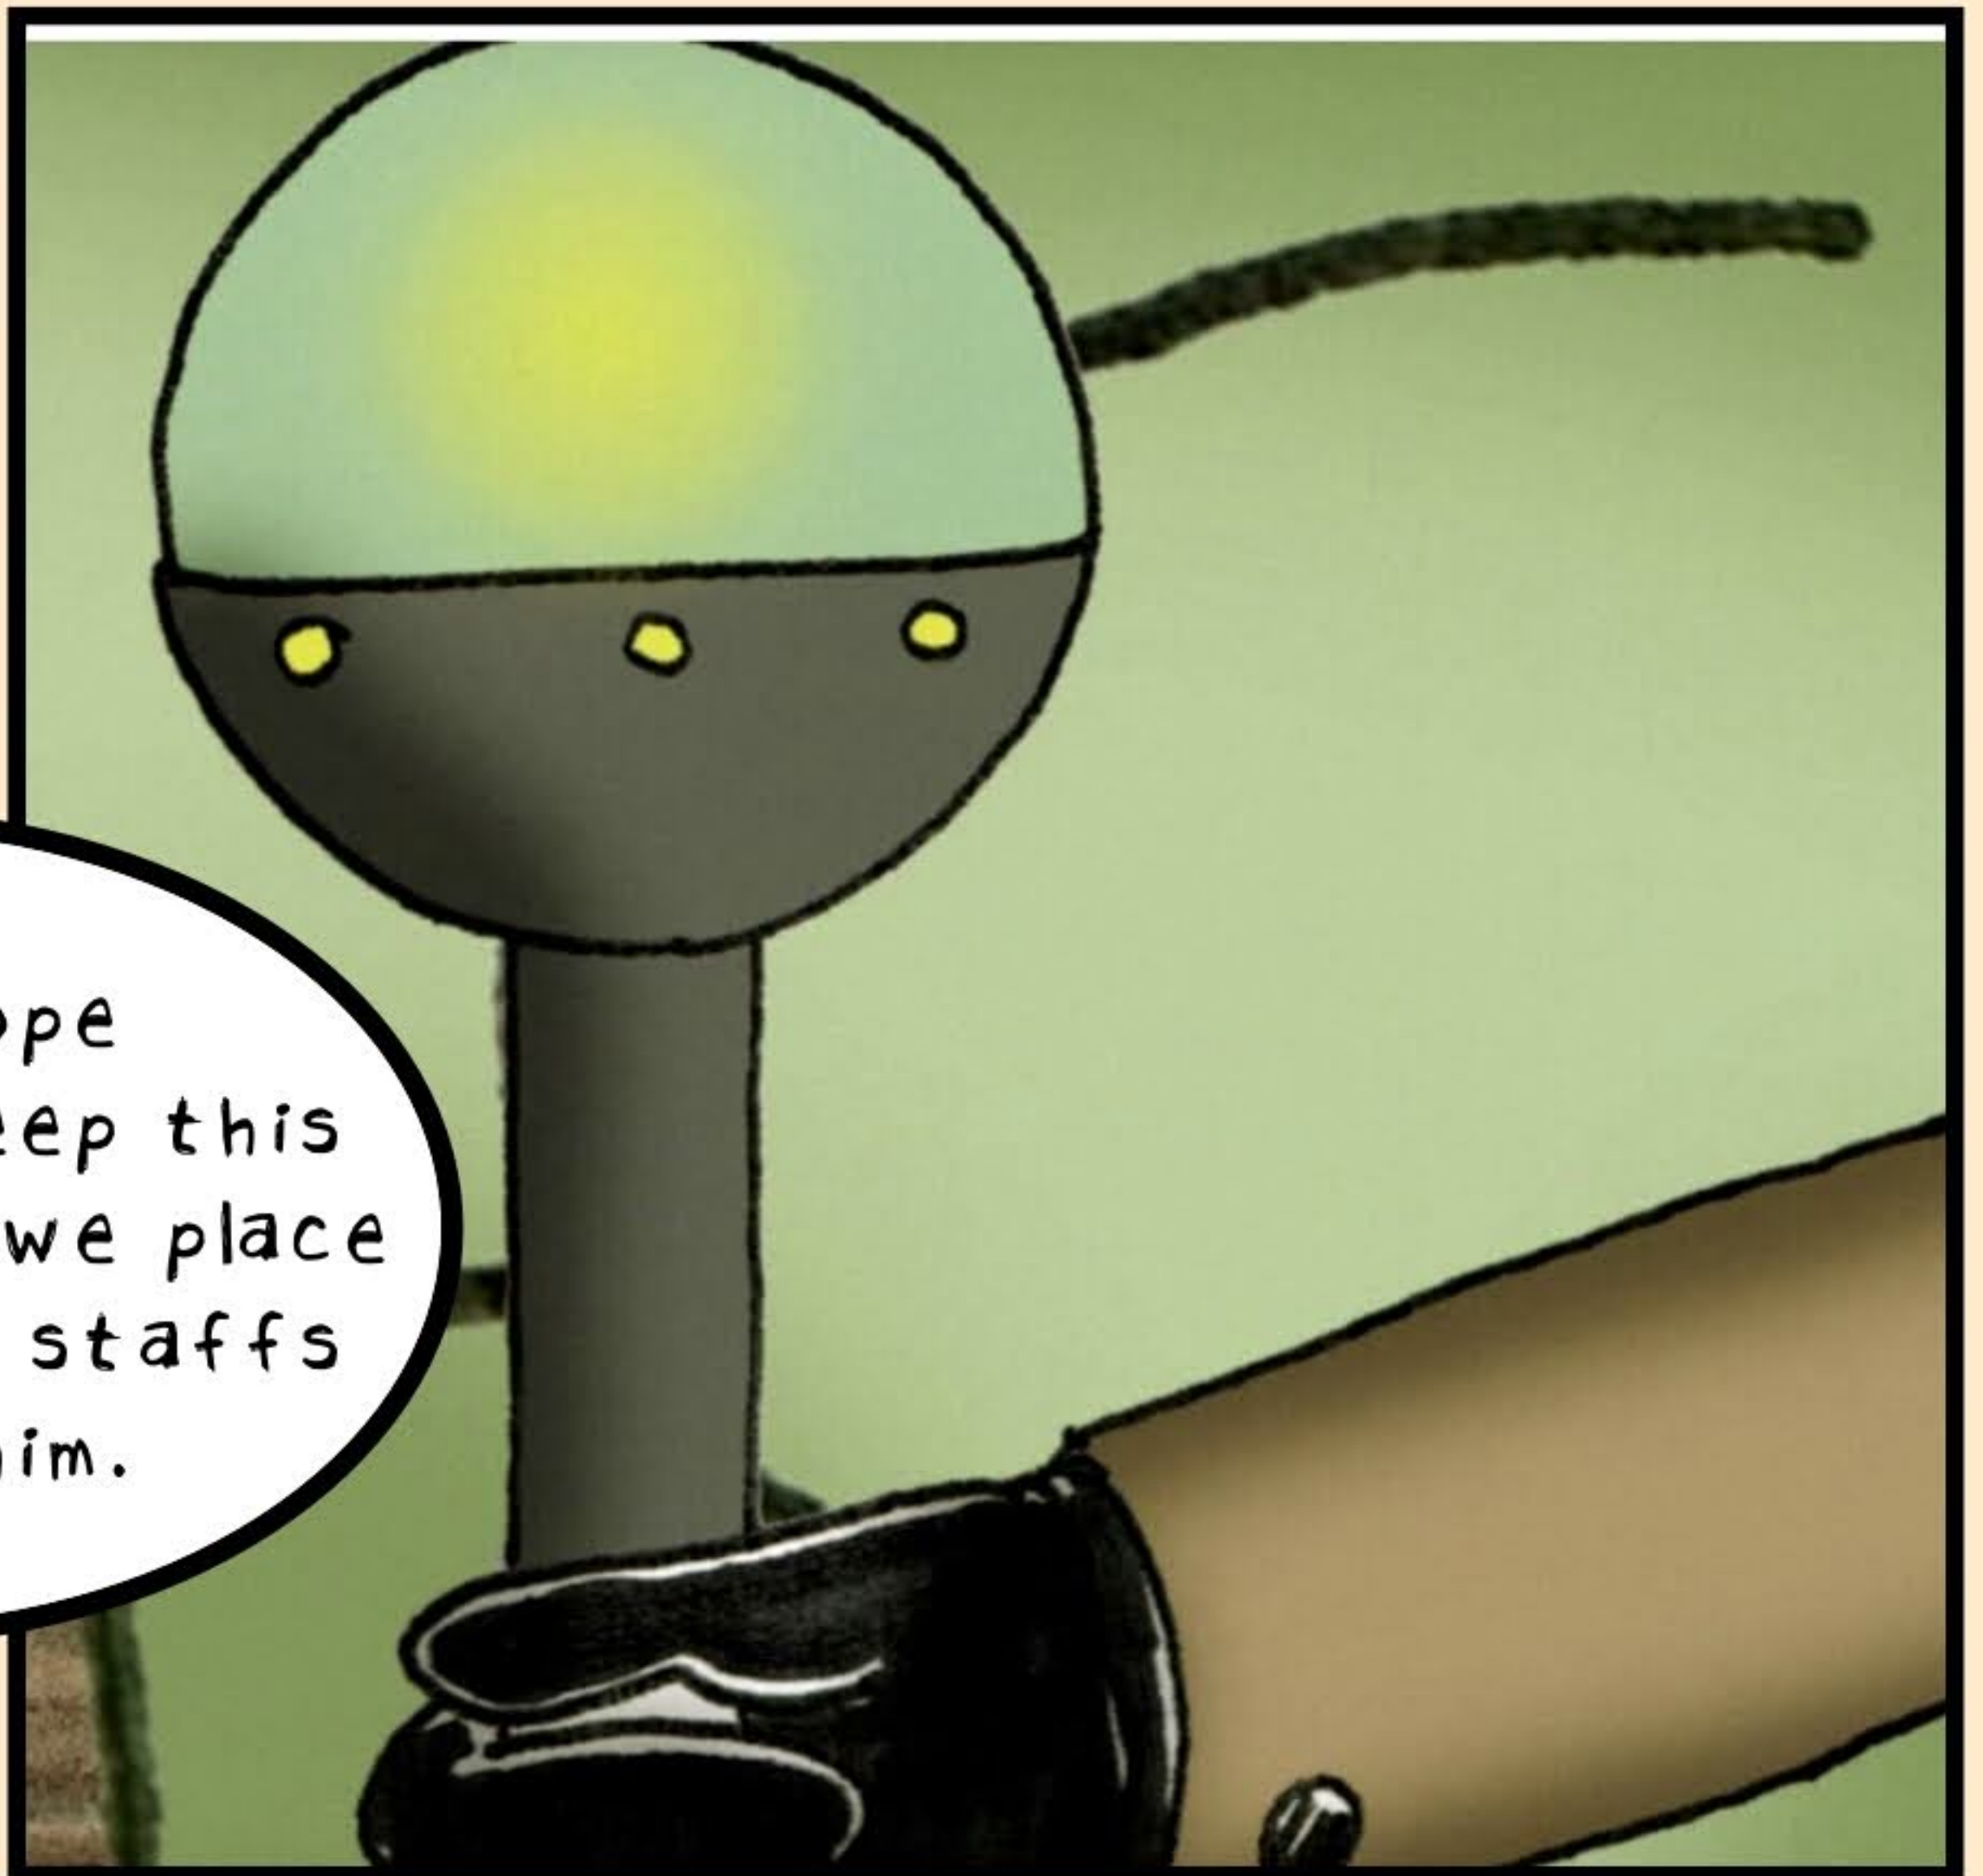

I think it worked Pattee!

Excellent, Stensor, lets get out there and see if we can't stop this beast permanently.

Exactly what I was thinking Galaxy. Lets go!

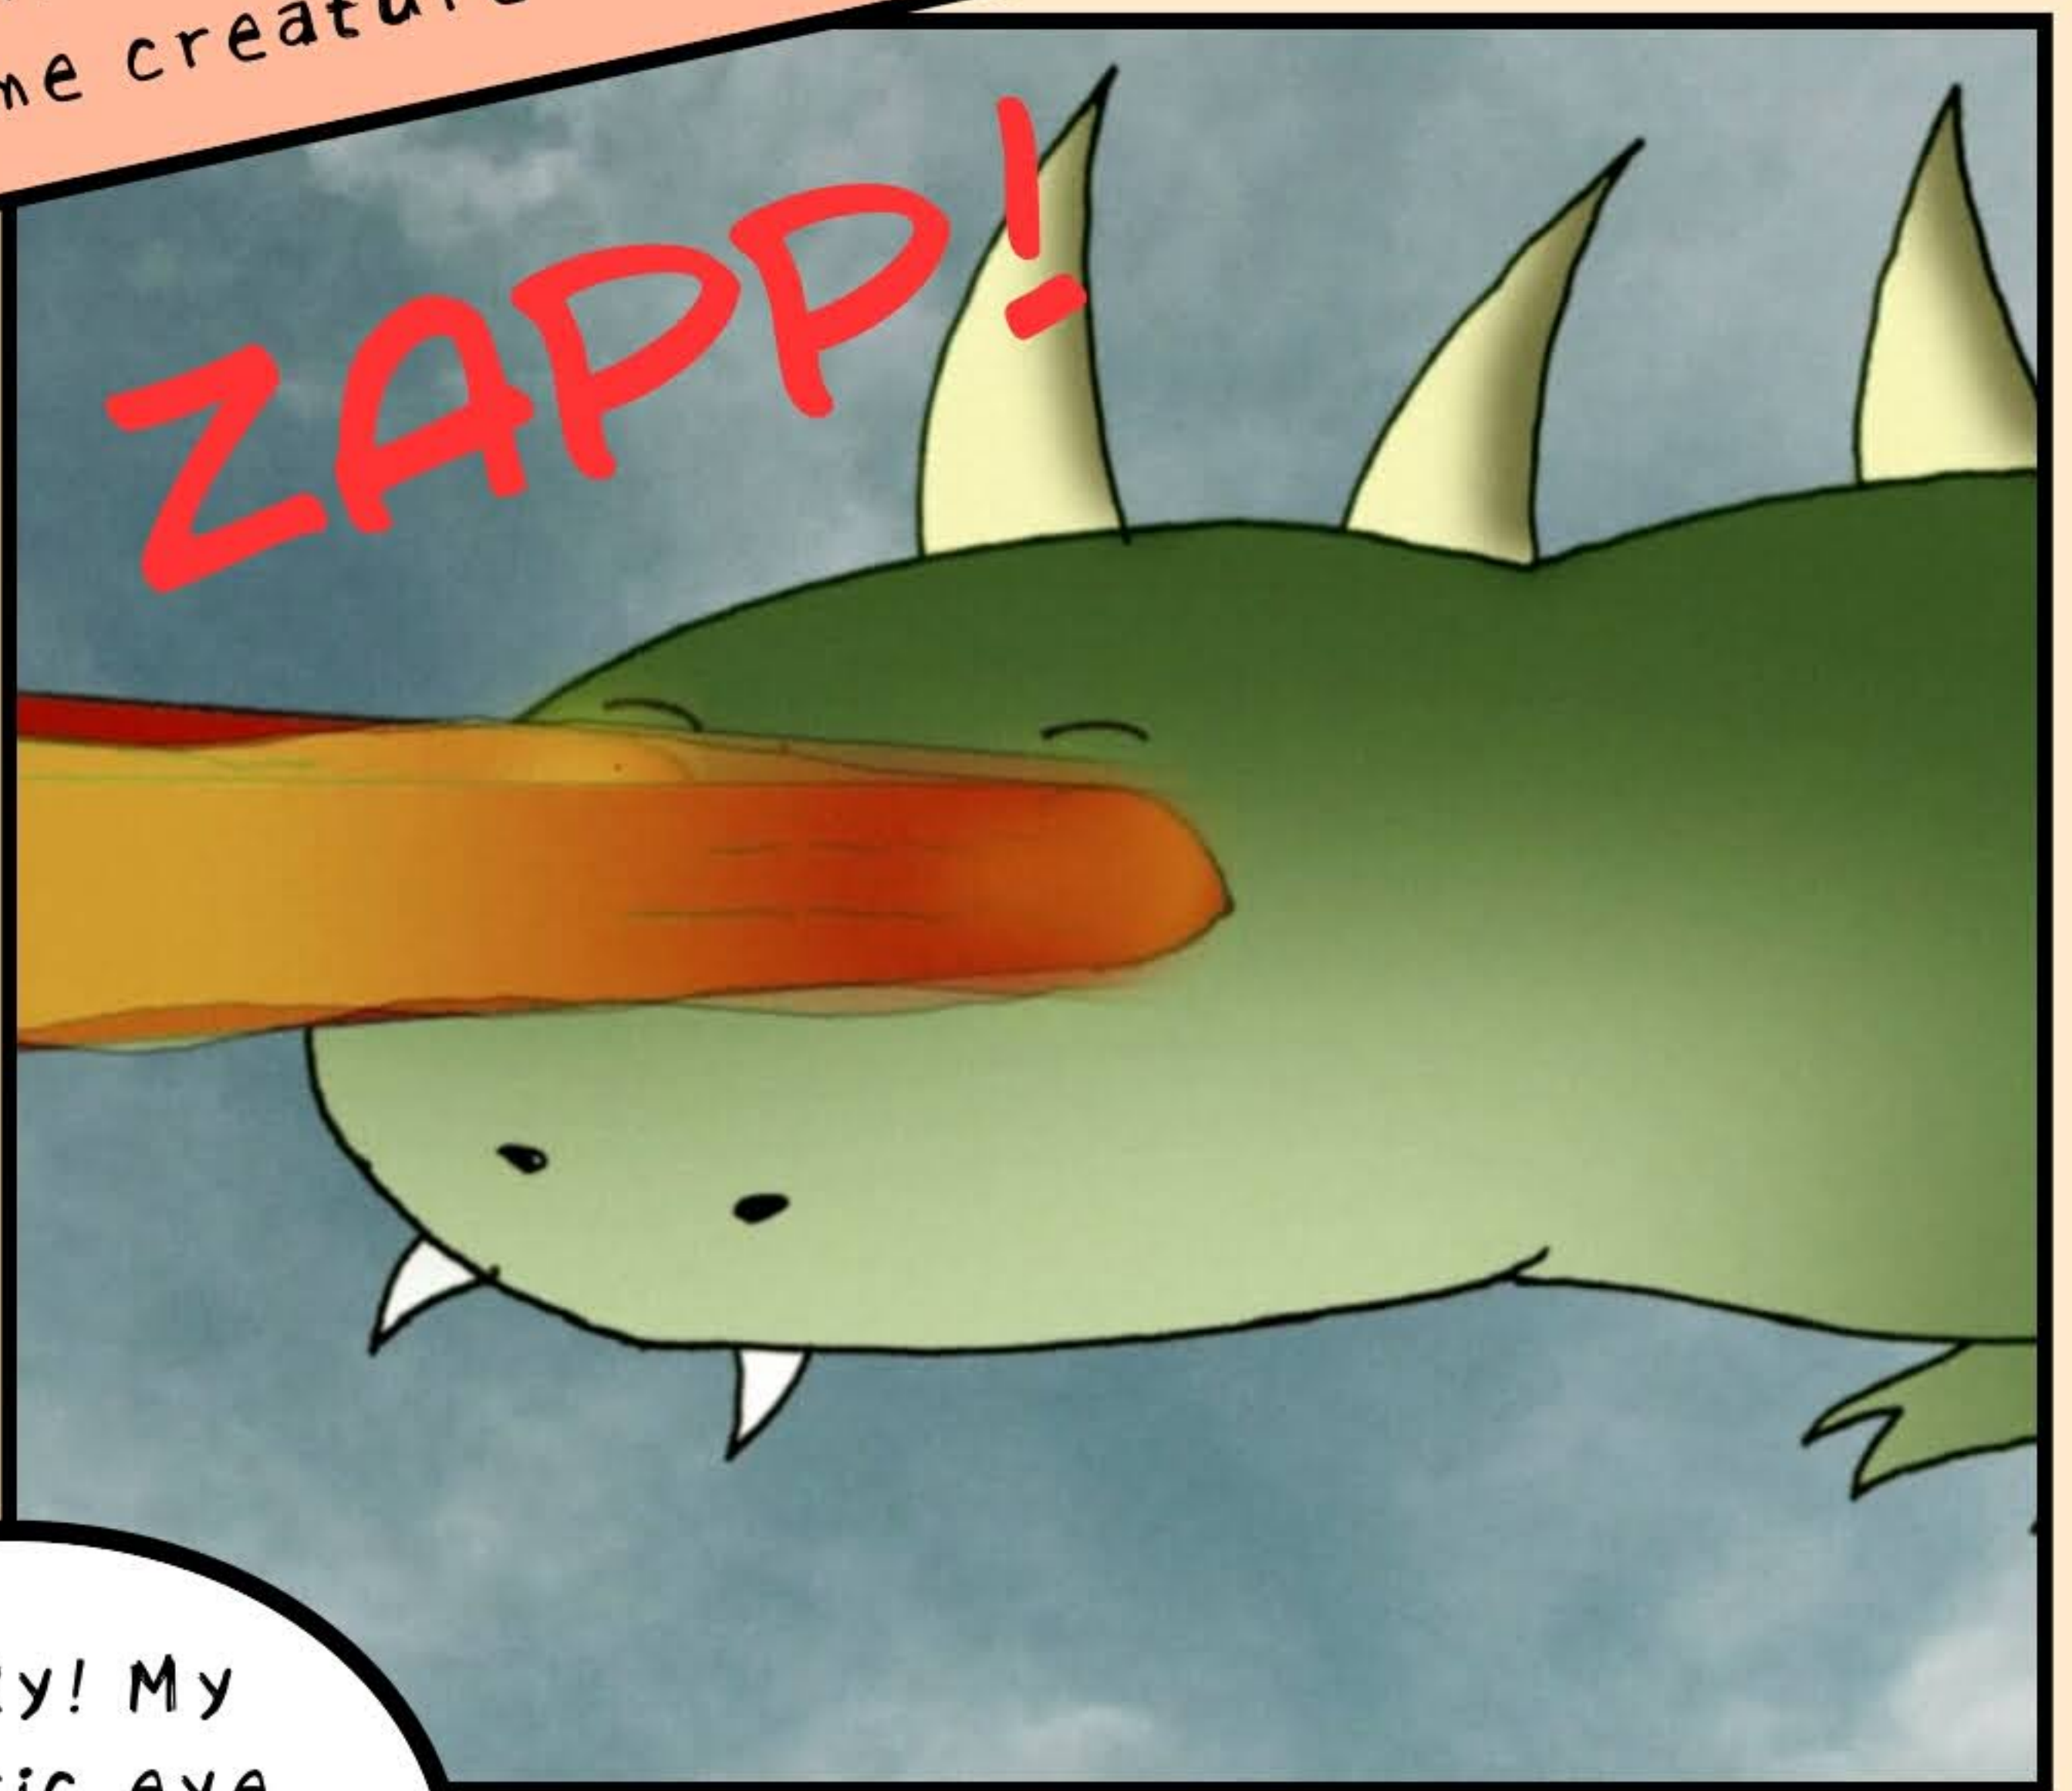

Oh no! I'm sorry guys, I guess he was too strong for me and was just pretending to be immobilized!

Stensor flies into the air. But the fearsome creature follows him!

ZAPP!

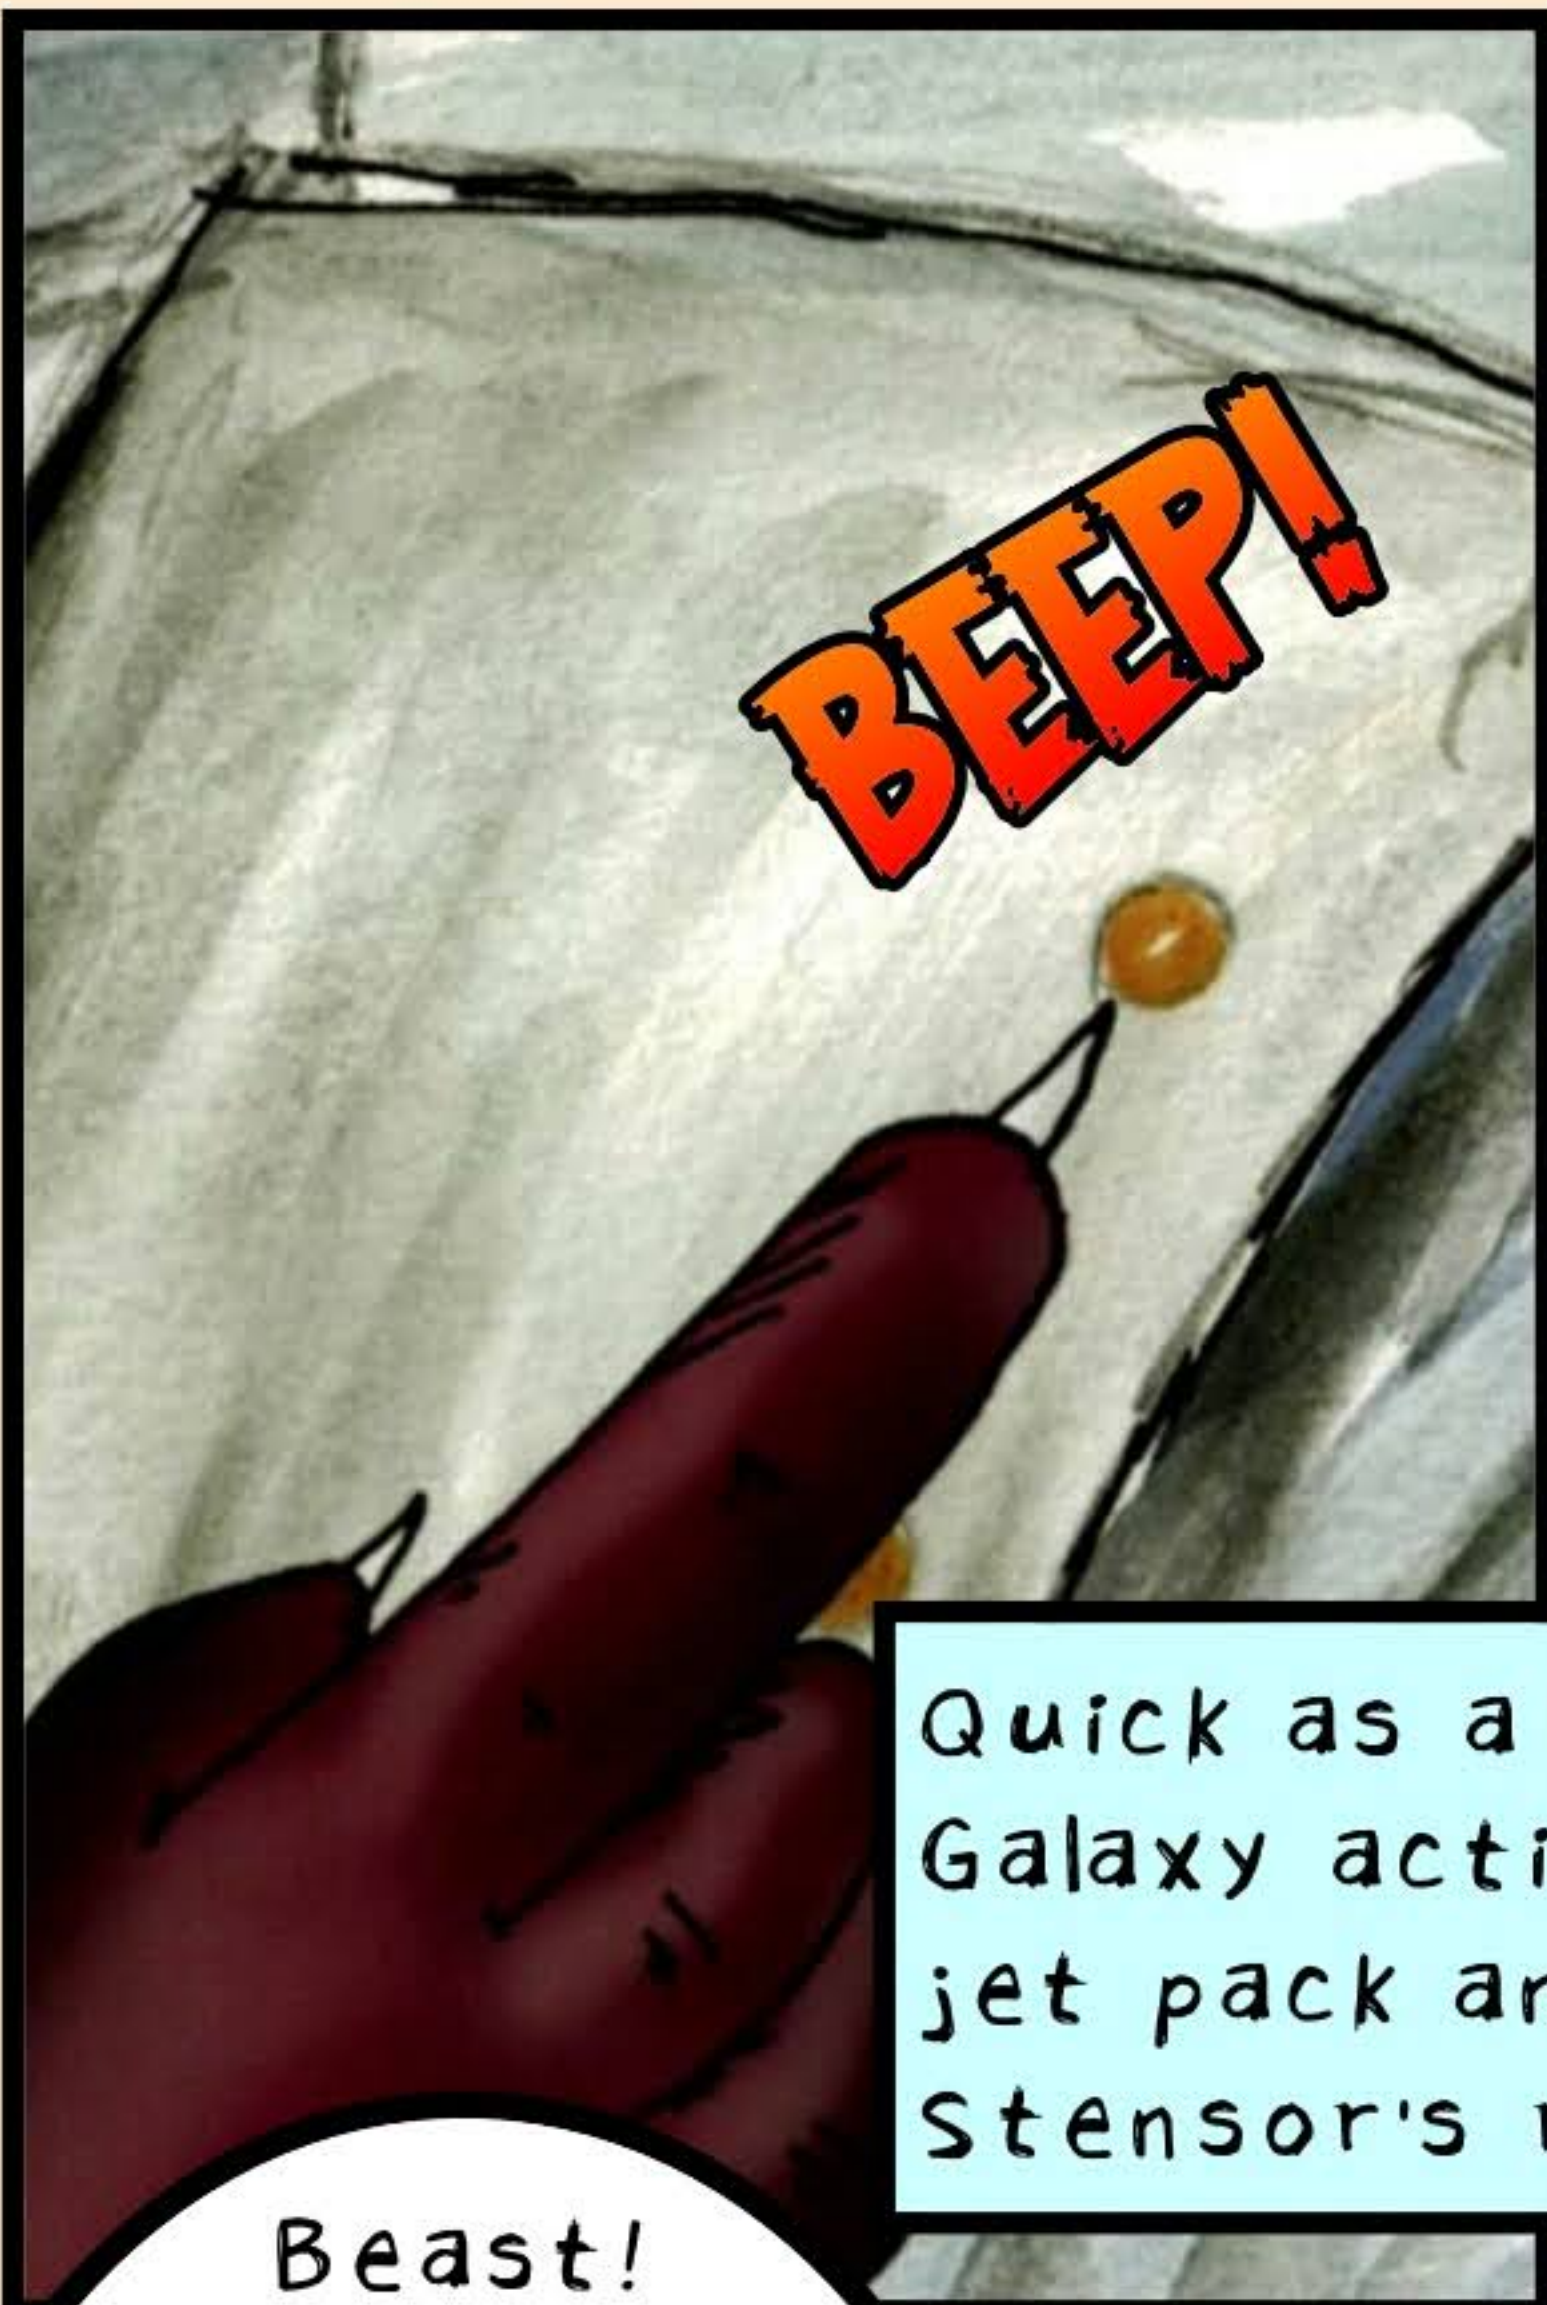

Galaxy! My electric eye force field won't hold out for very long!

CRACKKK!

I understand!

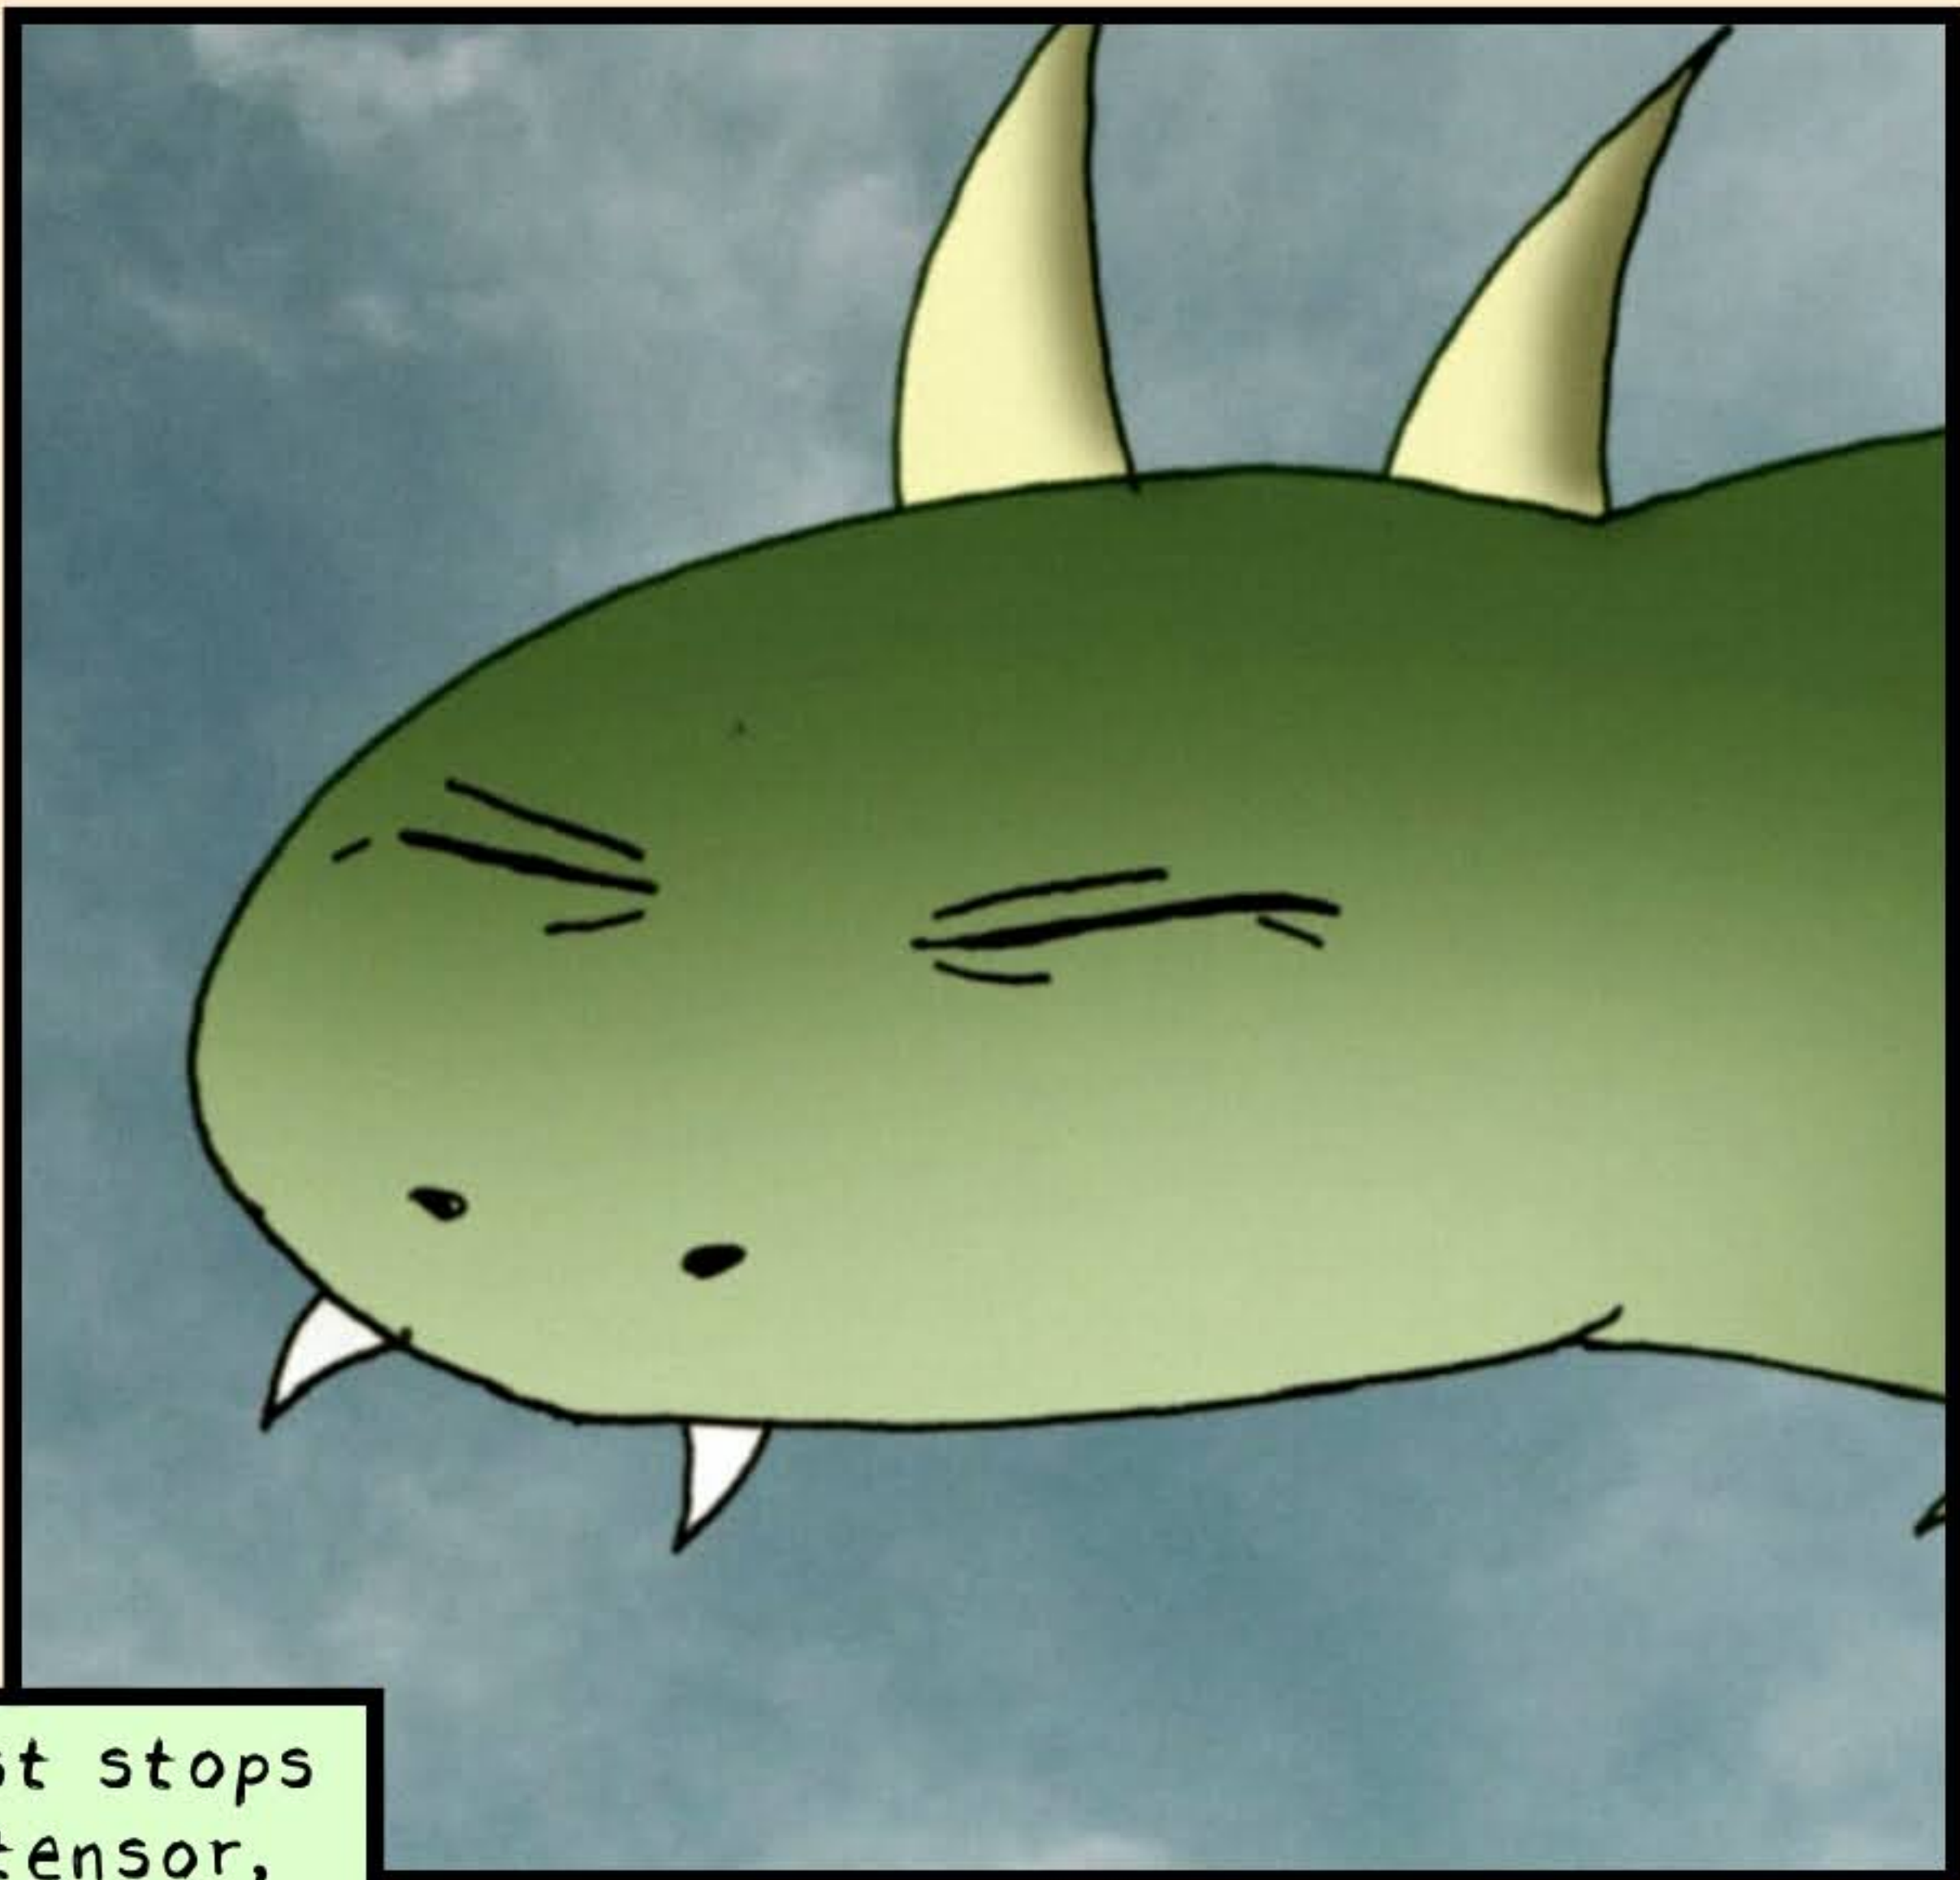

Quick as a bear,  
Galaxy activates his  
jet pack and flies to  
Stensor's rescue!

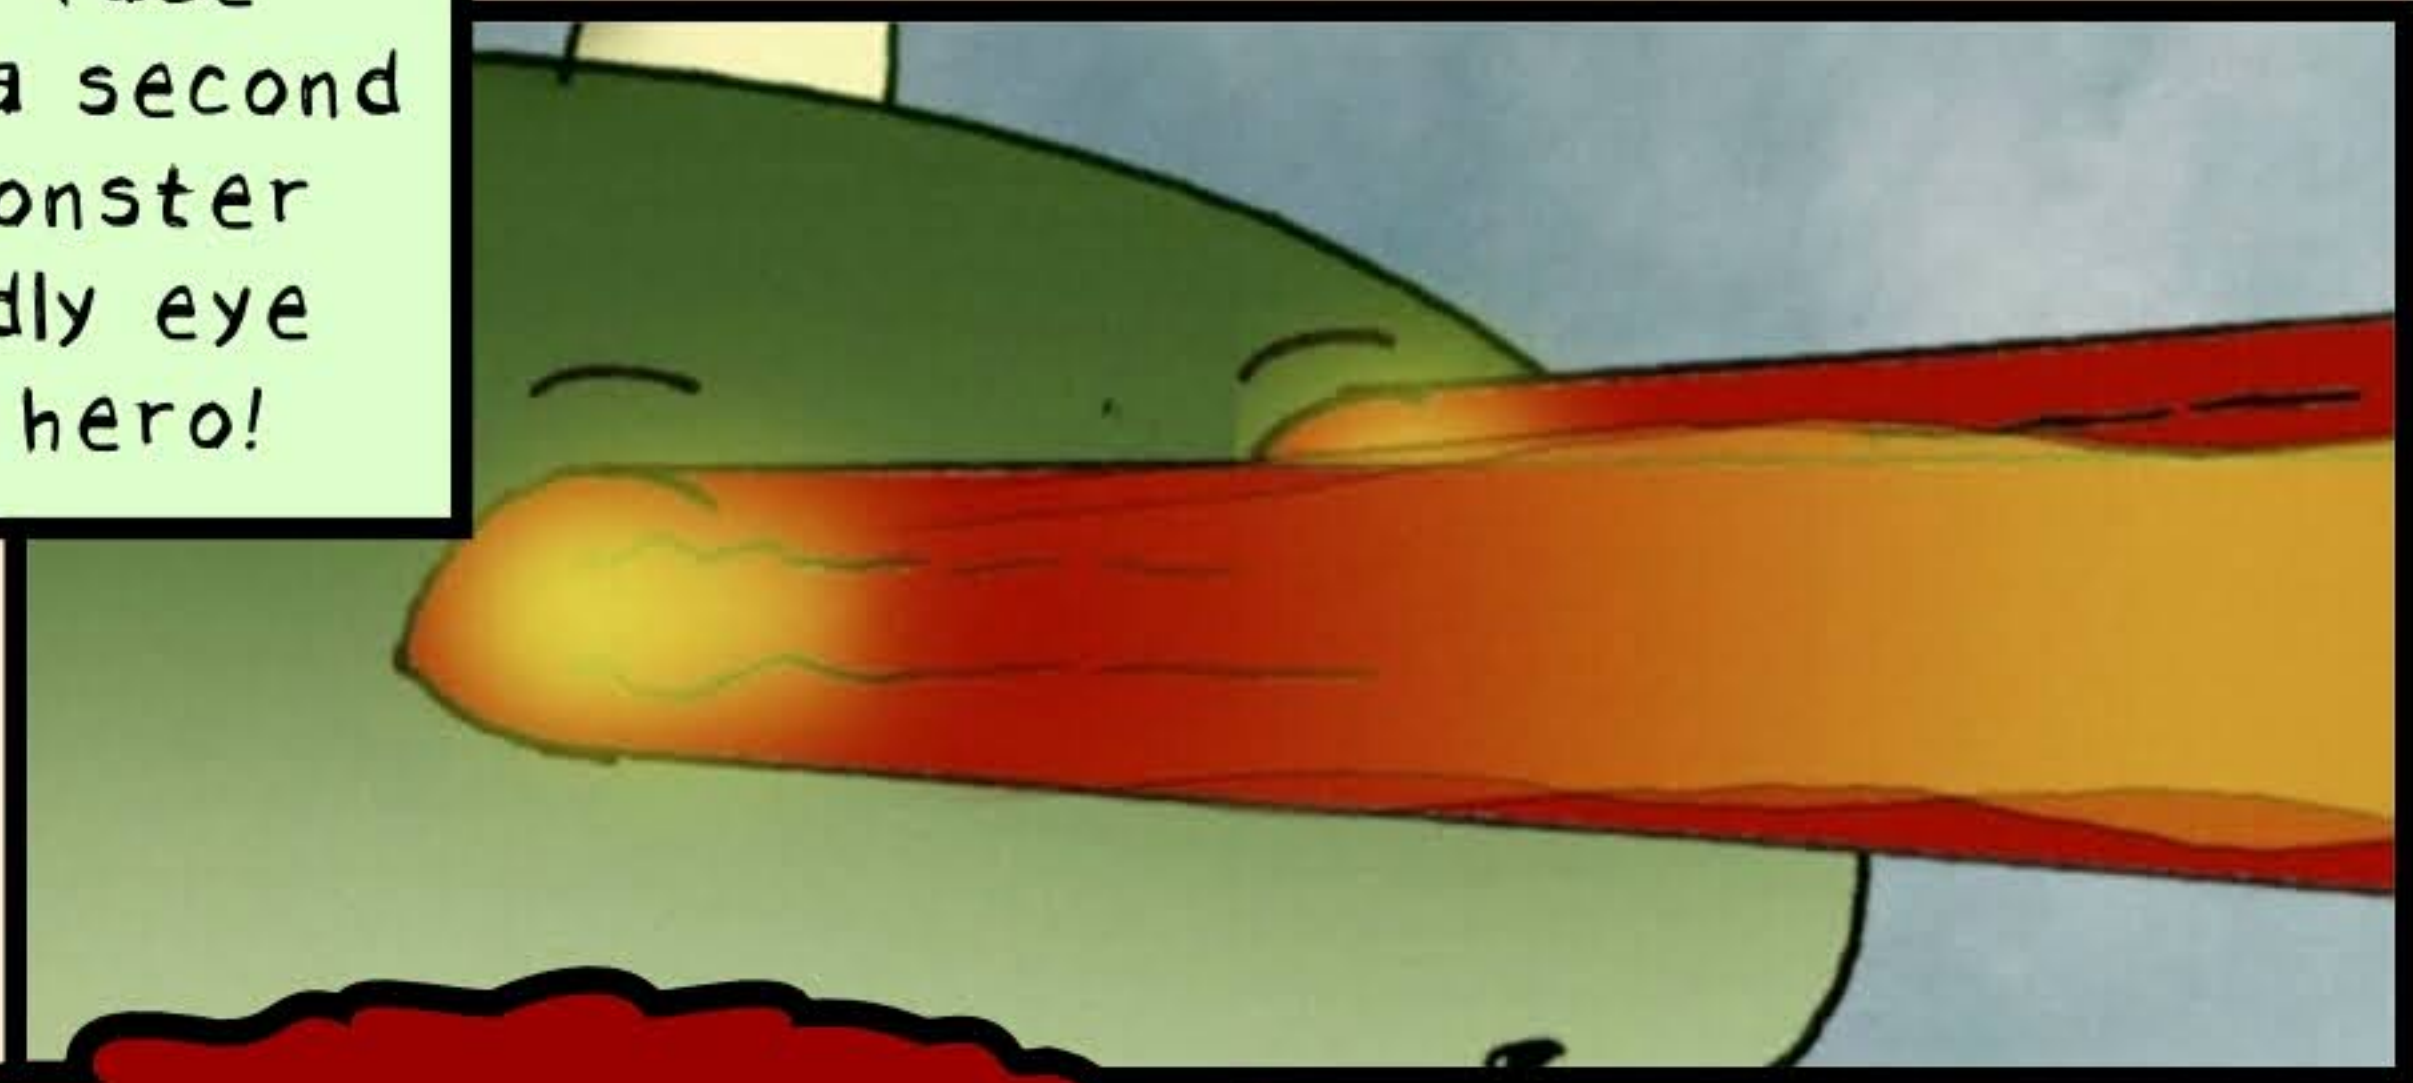

Quickly, Glaxy Peanut  
Butter Bear arms his  
wrist laser.

Beast!  
Stop your  
attack right  
now and come  
with us quietly,  
otherwise I will  
be forced to  
use force!

The maniac beast stops  
his attack on Stensor,  
but turns to face  
Galaxy! Without a second  
thought, the monster  
shoots his deadly eye  
beams at the hero!

Galaxy No!

BACK AT NANDI BEAR MANSION

Meanwhile back on planet Earth, the rest of our exciting band of misfit heroes are taking care of the Nandi Bear Mercantile. A shop connected to the back of the Nandi Bear Mansion that sells a wide variety of goods to the delightful people that live in the nearby town of Minehead.

Everyone, I am  
getting a strange  
message from the  
other side!

The  
other side of  
what? The  
mansion?

The  
other side of  
life you silly! He  
is connected  
with the ghost  
dimension!

Yes, it's  
clear now! All  
the cats in the  
country have  
disappeared!

If the problem is missing cats, there is only one person we should call to help us out.

I agree, Let's call Captain Trash! He specializes in tracking animals... and most specifically, cats.

Good ideas guys, lets get out of here. Klor, Rick, Oliver and Raca, please stay here and watch the shop.. It's gonna be lunch soon and that means people looking for burritos and ice cream.

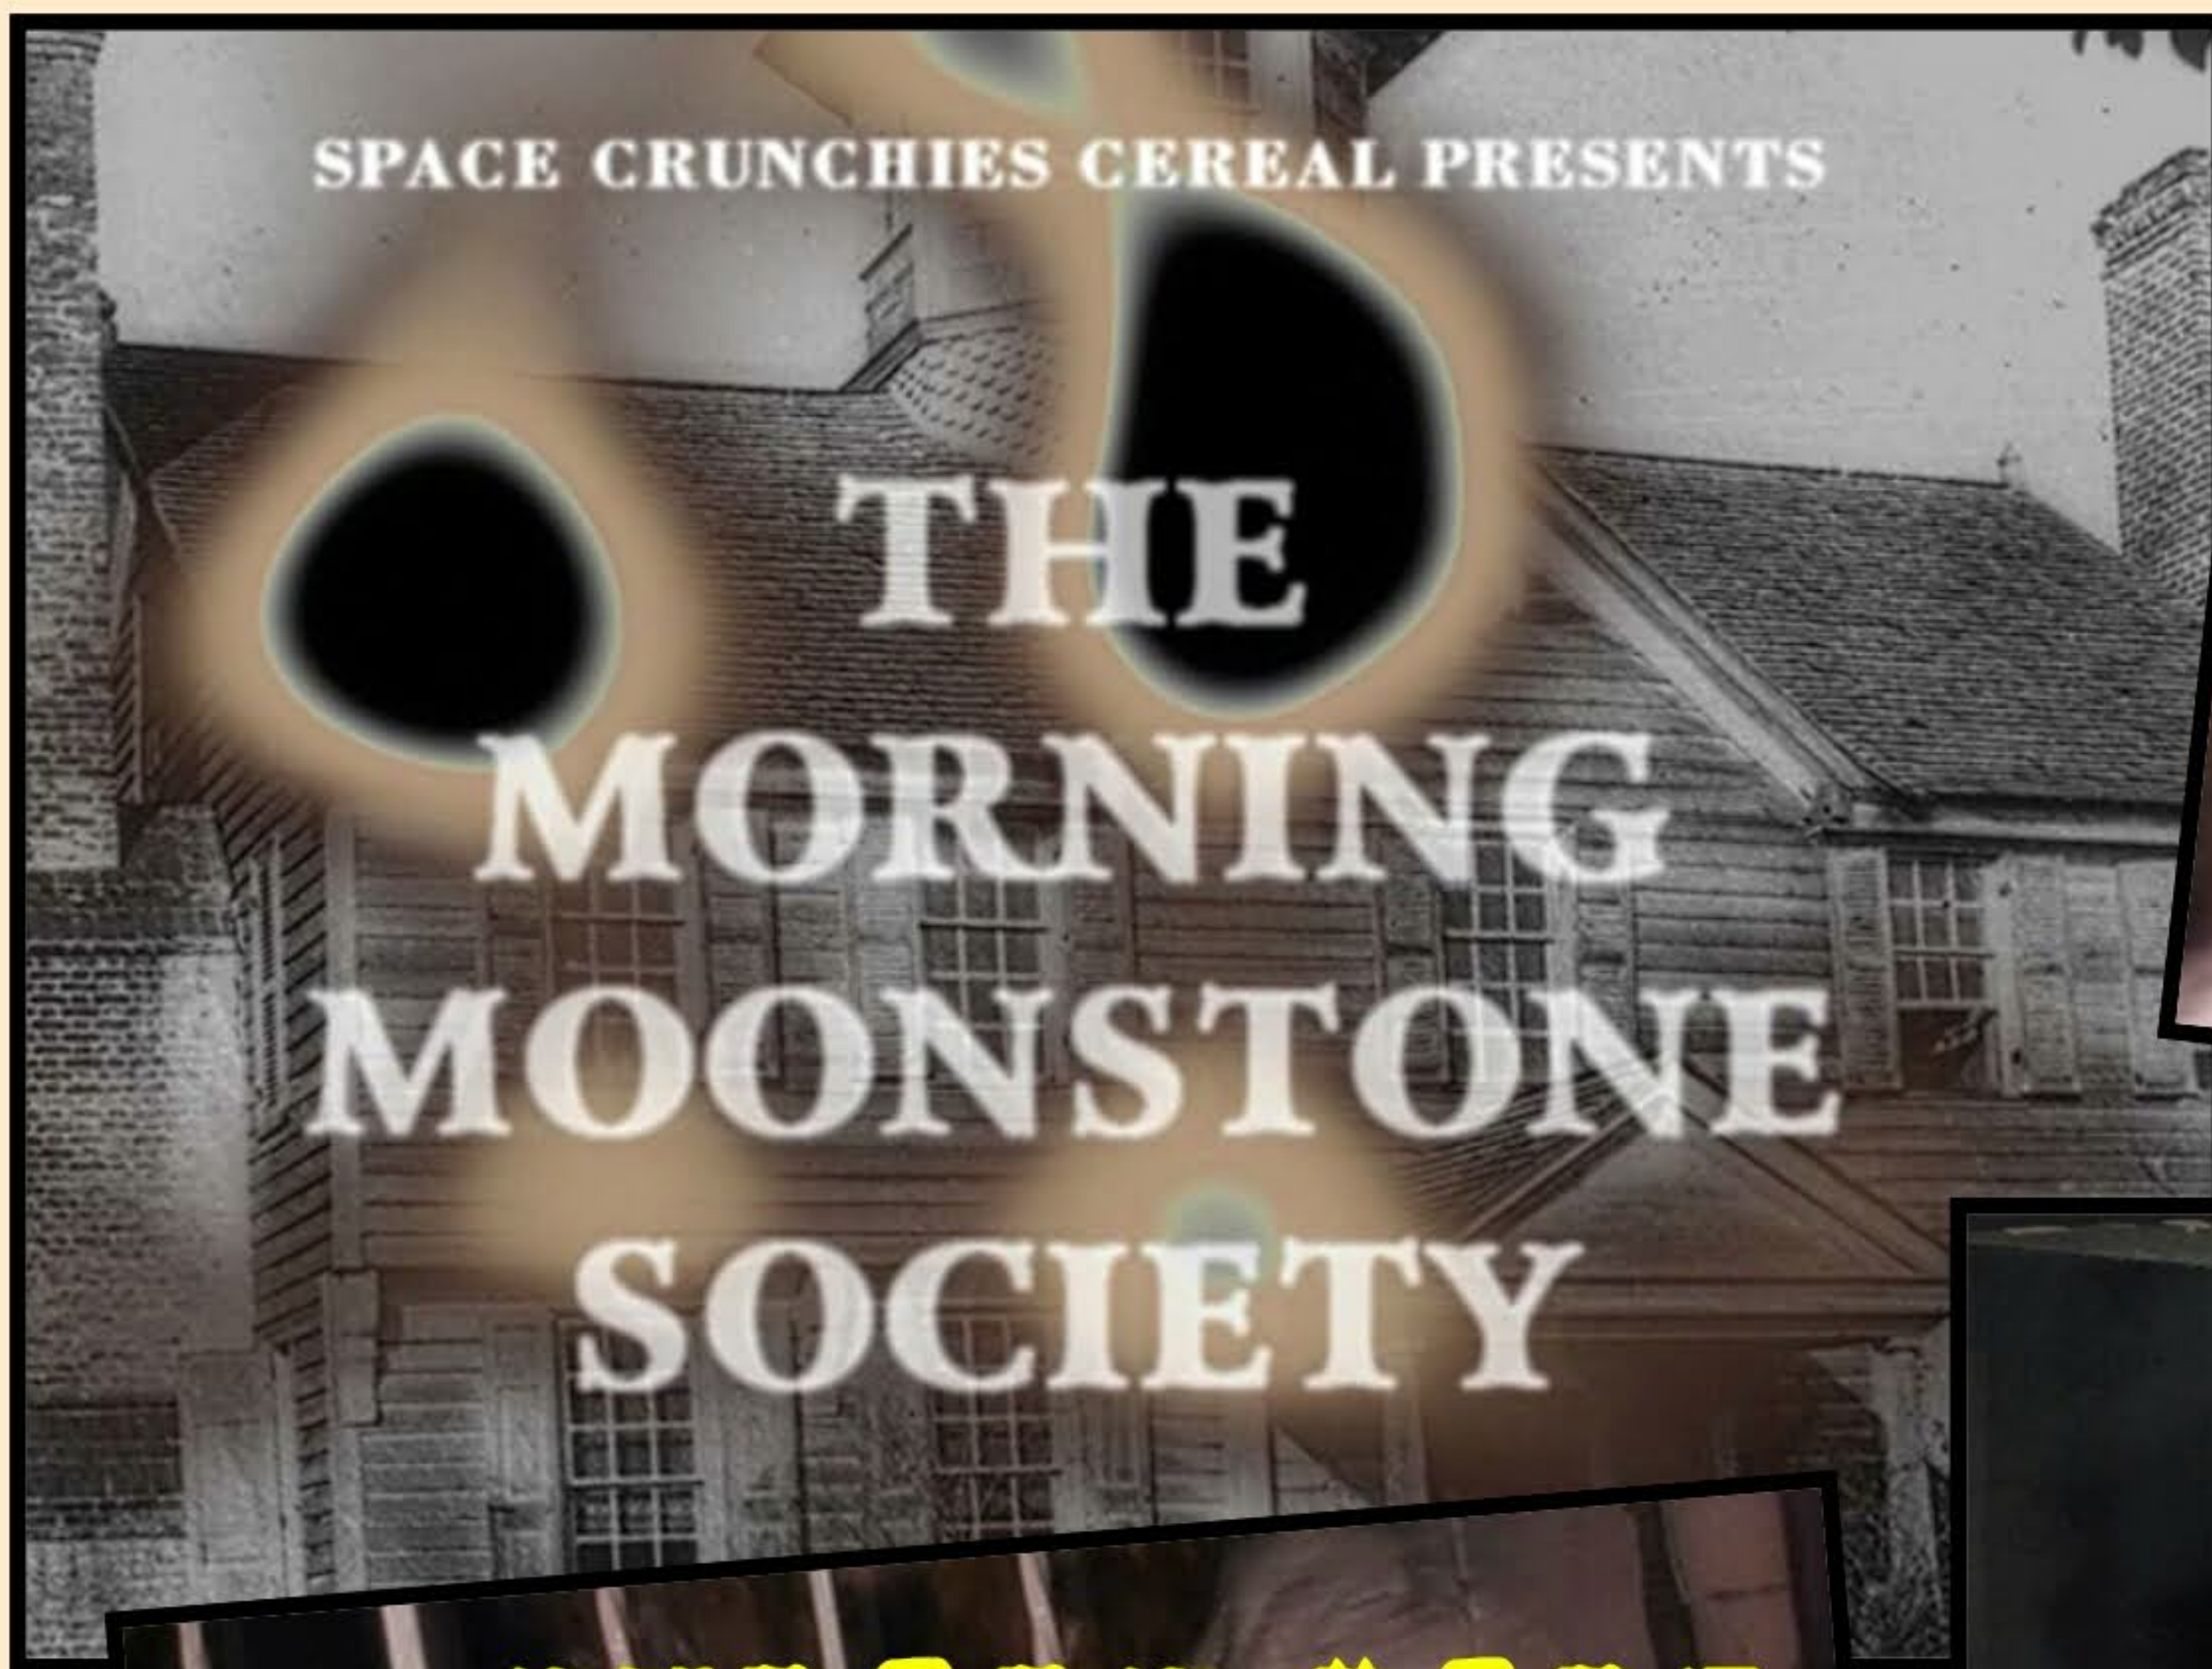

Can I come also? I kind of feel like I owe it to the cats of Earth to lend a paw.

Sounds good Oliver. Lets get a move on.
